9 May 1996

Reference:- Mark Huntley of M & P Subcontractors

We have been requested to write a reference for the above mentioned person who has carried out work for us over the past few years.

M & P Subcontractors comprises a team in excess of 30 men who install suspended ceilings, partitions and fire protection to the building industry under the supervision of companies like ourselves. They are headed and led by Mark Huntley who supervises the entire operation instructing the men where and when to work, and how to install the various products.

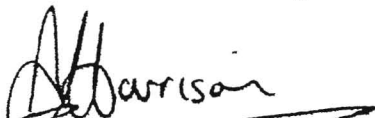

We have found Mark himself to be a very honest, reliable and upright employer who works to the best of his ability to achieve the best possible results for those employing him. He has a good working relationship with both those who employ him and those who work under him.

We have also found him to be one who can sustain high levels of pressure which is put on the building industry today to produce quality workmanship in the minimum amount of time possible.

Crest as a Company would have no difficulty in recommending Mark to any other Company as he is a hardworking man, extremely reliable, very composed, on the whole a pleasure to work with.

Should you have any queries whatsoever please do not hesitate to contact us.

Yours faithfully

  
A HARRISON
