To whom it may concern,

I can with all confidence recommend M&P Contractors, to deliver a first class product on time and within budget. They have just completed a three story military accommodation block for us, and have been safety conscious, hard working and extremely pro active in their approach to this contract and I would have no problem to use this company for any future works we have within DSL's military scope or within the wider scope of Bovis Lend lease.

Project SLAM
Single Living Accommodation Modernisation

Yours faithfully
