Re: Reference M&P Contractors Wales Ltd

We have partnered M&P Contractors Wales Ltd on a number of our large Projects and it would be fair to say they always produce a high standard of work.

One of the advantages we find when using M&P, is their Operatives are well supervised by Jason Huntley, M&P Site Manager.

Whilst M&P are diverse and have the ability to install interior/exterior work packages, at Optimum we had great benefit using their services on large apartment type Projects like Victoria Wharf Cardiff.

If there are any Site issues they are always dealt with immediately and it is testament to their ability that we get very little snagging with their works.

In conclusion, M&P always demonstrate a professional approach and we at Optimum look forward to working with them on our future Projects.
