Dear Mark Huntley

Ronald McDonald House Cardiff

The site team would like to start by saying 'Thank You' for M&P Group's time and efforts at Ronald McDonald House Cardiff and your proactive approach to collaborative working with the Site Team.

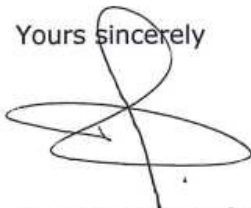

Your works package was clearly identified by Willmott Dixon Project Team as an exemplar package; this was the reason '**why**' all the site team nominated 'M&P Group' for the 'Supply Chain 2017 Awards'.

Your approach to Health & Safety was also extremely well planned, managed and implemented on site and I believe M&P Group set standards that made you 'Stand out of Crowd' from your competitors.

Quality on Ronald McDonald House was a major focus by the Customer and I believe the Willmott Dixon Quality message was positively received by M&P Group and the quality of finishes helped the project achieve the 'Defect Free' standard. This achievement was a first in our Cardiff Office.

I would also like to praise M&P Group's workforce and the standard of 'People' under the M&P Group banner. The professional image and the polite nature, was clearly felt by the site team and the customer team. The timekeeping and attendance was also exceptional.

Yours sincerely

Darren Hancock B.Eng (Hons) MCIQB
Construction Manager
Willmott Dixon Construction - Cardiff
